

## ABOUT THE STATE

## HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The Burlington park commissioners have set out 125 shade trees this spring on the various streets.

Mrs. Mary Prindle recently passed her 94th birthday anniversary and is in excellent health at her home in Grand Isle.

The John T. Slack corporation of Springfield, one of the largest shoddy mills in the United States, discharged 33 men Tuesday, owing to the uncertainty of future orders.

Someone from Norwich university will be selected to act as instructor at the Keewadin boys' camp at Lake Dunmore, which is run in connection with another camp on Manitowish island in Ontario. In view of the preparation talk just at present, it was thought timely to have a military instructor this season.

A shell from the wreck of the battleship Maine caused the death of John Busch of Wakefield, Mass., last Sunday and blinded his son, John, Jr. The mother of the child, who was Mrs. Milan H. Curtis before her marriage to Busch, formerly lived in Bellows Falls. Mr. Busch brought back the shell from Havana and was trying to remove the detonator when the explosion occurred. He was killed instantly and at the Massachusetts eye and ear infirmary, where the child was taken, it was determined that he would be blind for life.

Middlebury College Gets Bailey Pamphlets.

The large and important collection of Vermont historical pamphlets compiled by the late Horace W. Bailey, U. S. marshal, have been secured for Middlebury college. Several friends united in contributions to make it possible for the college to secure the collection. Mr. Bailey had spoken of placing his Vermont items in the fire proof library at Middlebury and it was on this account that the executors of his estate gave the college the first opportunity to purchase them. The collection comprises 128 volumes and includes many rare items and pamphlets of great historical interest. It was the work of many years on the part of Mr. Bailey, it being his hobby to gather everything he could of importance in Vermont history.

Castleton Summer School.

A state summer school for teachers will be held at Castleton Normal school for three weeks, June 27 to July 15. The purpose of this summer school is to help those who are now teaching to become

better teachers. In the last few years, the importance and value of this summer school to Vermont teachers has grown appreciably. This school will help the teacher who wishes new ideas and fresh enthusiasm. Methods of teaching—actual, practical suggestions—will be given in each subject and thus six weeks' work accomplished in three. Each day there is a conference period when the teachers are able to meet the instructors for personal questions. The expenses are very slight. The subjects taught include all the elementary school subjects as reading, numbers, language, spelling, music, history, geography, nature study, arithmetic and English. Instruction will also be given in the Palmer method of penmanship by a teacher of long experience. Rural school problems and management will be taken up by one instructor and games will also be taught. The instructors include Margaret M. Colton, principal and critic teacher of the Grove street state training school, North Adams, Mass., state normal; Anna M. Pierce, supervisor of drawing, North Andover, Mass.; Miss Pierce was at one time supervisor of drawing at Castleton Normal school and has taught at Middlebury college in summer sessions. Other instructors are Prof. R. L. Smith of the state normal school, North Adams, Mass.; Mary A. Murphy, principal of the Castleton training school; Annie Knobel, supervisor and critic teacher in the state normal school at Salem, Mass.; Anna McCormick of the Castleton Normal school. A large attendance is looked for. Inquiries should be addressed to Prin. Charles A. Adams, Castleton, Vt.

FAIR HAVEN HAS LOSS.

E. H. Phelps Died Yesterday After Long Illness.

Fair Haven, April 29.—E. H. Phelps died yesterday after a long illness, aged 77 years. He was one of Fair Haven's most prominent citizens. He leaves two sons, Paul H. living at Hampton, N. Y., and Philip M. M. Phelps, the attorney of this village.

Mr. Phelps was cashier of the First National bank here for 19 years and was also interested in manufacturing. He had been representative in the legislature and had held many town offices. At the time of his death he was trustee of the Carnegie public library and deacon of the Congregational church. He was a Mason, a life member of the lodge of Orwell.

E. H. Phelps was born at Ticonderoga, N. Y., January 16, 1839. He graduated from Middlebury college in 1861, and was a trustee of the college. He graduated from the Albany law school in 1872. He came to Fair Haven and entered upon the practice of law. For three years he was engaged in the flour business at Montgomery, Minn., in partnership with his brother-in-law, then returning to Fair Haven.

AWARD OF \$308.33.

Was Given to Autoist, Dr. Grace W. Burnett, Against Another Motorist.

Brattleboro, April 29.—The jury which heard the case of Dr. Grace W. Burnett against F. A. Larrow, owner of a touring car and Harry Whitaker, a chauffeur, a suit which arose from an accident last August in which the two cars collided, returned a verdict yesterday for the plaintiff to recover \$308.33. The jury was out a little over an hour. The defendant named in the suit was \$700, but the plaintiff claimed actually \$930 for depreciation in the value of the car and about \$75 for repair bills as the result of the collision. No damage for personal injuries was claimed. Another suit against the same defendant to recover for personal injuries received as the result of the same accident by Mrs. Abbie O. Burnett, mother of Dr. Burnett, was set forward on the calendar and may not be tried this term.

The plaintiff's evidence tended to show that she was driving her car, accompanied by her mother, on the evening of August 25 and when going down "Algiers" hill in Guilford was run into by the automobile of Mr. Larrow, driven by Whitaker. Dr. Burnett claimed that she was on the extreme right hand side of the road and that the Larrow car was driven from behind a team in an attempt to reach the horse drawn vehicle and Dr. Burnett's car, the collision resulting.

Real estate owners, now open your eyes. Investigate, study and thus become wise, to the fact that

Bishopric Wall Board

is better than lath and plaster, saves 40 per cent. in construction, renders 100 per cent. in service. Any weather is good building weather when you use Bishopric Wall Board and Sheathing. Bishopric Roofing is self-protecting and requires no paint.

It beats all other kinds of roofing that's made. And those who have tried it all seem to agree. It drives everything else away into the shade. Of the old or the new.

For your buildings the Bishopric roofing is best. It will stand the severest racket. It's used in the North, the South, East and West.

And there's thousands of dollars to back it.

BOY'S INJURIES FATAL.

Harold Delorme, Aged 5, Was Run Over By Automobile.

Burlington, April 28.—Harold Delorme, the five-year-old son of Mr. and Mrs. Joseph Delorme of 281 St. Paul street, died yesterday at Mary Fletcher hospital from a fractured skull caused Wednesday morning when the car of F. E. Austin, driven by himself in company with a friend, ran over him in front of his home while he was out in the roadway with other boys following a low truck which was conveying the motor boat of W. H. Buckley.

Besides the fracture of the skull, the boy sustained bodily injuries. He remained unconscious until the end. Besides his parents he is survived by three brothers, Frank, Ernest and Rock.
